HELD UP FOR BRICK?

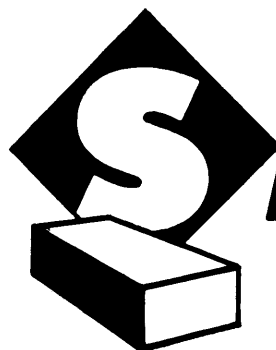

**YOU CAN BE SURE OF YOUR SUPPLY . . . WHEN YOU SPECIFY
BRICK from the modern kilns of SANFORD BRICK and TILE COMPANY**

“Hold ups” shouldn’t happen in an area where the source of brick supply is readily available at reasonable prices for immediate delivery. But, as you know to your cost, all too often it does happen. Time is wasted, profits dwindle and future contracts are lost.

Make sure of your supply, make Sanford Brick and Tile Company your prime source. Eight modern tunnel kilns working to full capacity produce one half million bricks per day. Large quantities of brick in complete color and texture ranges are available for prompt shipment. See your Sanford dealer or write direct for the name of the supplier nearest you.

The South's Largest Brick Manufacturer
