

This brochure has been prepared to acquaint you with our firm of architects and engineers and how we may serve you. The work of this office varies in scope and character. Each commission receives the close attention of a specialist who can contribute most to it.

Our organization has great pride in the effectiveness of its work, both functionally and economically. The members of this firm are thoroughly familiar with contemporary standards and techniques and their relationship to architecture; thereby, producing projects which meet the Owner's requirements with most efficient results.

A diversified practice is deliberately sought, and an organization is maintained that is constantly in touch with current developments in design and construction. This office provides the following services in various combinations to best meet the needs of the client.

1. Site research and evaluation.
2. Site planning and landscape design.
3. Programming and master planning.
4. Preparation of working drawings and specifications.
5. Architectural planning and design.
6. Engineering design (structural, mechanical & civil).
7. Site engineering and utility planning.
8. Preparation of required reports.
9. Preparation of cost estimates and appraisals.
10. Preparation of bills of materials and requisitions.
11. Field inspection and supervision of construction.
12. Management and coordination of large scale projects.

Our organization has personal contact with Federal and State offices, such as, N. C. Medical Care Commission, N. C. Fire Marshal, N. C. State Board of Health, Insurance Rating Bureau, and N. C. Division of School House Planning, which are located in Raleigh. Thus, there is assured prompt coordination in matters with which these agencies are connected.

RESIDENCES

This office has designed and constructed over seventy-five individual residences for individual clients.

* Associated

RELIGIOUS BUILDINGS

1. Spring Hill Methodist Church
Mamers, North Carolina
2. Englewood Methodist Church
Rocky Mount, North Carolina
3. St. Marks Methodist Church
Raleigh, North Carolina
4. Educational Building
Ahoskie Methodist Church
Ahoskie, North Carolina
5. Educational Building
Raeford Baptist Church
Raeford, North Carolina
6. United Presbyterian Church
Henderson, North Carolina
7. Flat Branch Presbyterian Church
Bunn Level, North Carolina

With reference to religious buildings and regarding what we have accomplished in the design and erection of additions to and new churches working directly with the Owner, fund raising institutions, and various other agencies, we invite you to communicate with our clients and inspect our work. We would be pleased to provide the names of people who are familiar with our work and with the location of projects we have completed.

CONSULTING ENGINEERS

For projects requiring special engineering -- mechanical, structural, etc., in addition to that which is normally furnished by this office, Watson Engineers are employed as consultants.

Watson Engineers, by virtue of their personnel and experience, can provide individual planning, skilled design and thorough supervision to problems in building design and construction while working in close coordination with this office.

TYPES OF SERVICES PERFORMED:

Investigation and Reports

- Site Selection Studies
- Cost Analyses
- Appraisals

Preliminary Design

- Plant Layout
- Foundations and Settlement Analyses
- Water, Fuel, and Power Supplies
- Cost Estimates

Working Drawings and Specifications

- Foundations and Structures
- Heating, Ventilation and Air Conditioning
- Electrical Design for Lighting and Power
- Plumbing, Piping and Sprinkler Systems
- Outside and Underground Utilities
- Water Supply and Sewage Treatment
- Specifications and Contracts

Supervision and Construction Management

- Checking Shop Drawings
- Scheduling and Coordinating Construction
- Inspection of Materials and Workmanship
