Designed by renowned architects Dail Dixon and Ellen Weinstein and built by Gary Scronce, this expansive estate offers over 6,200 square feet of refined living space, plus an additional 900+ sq ft above the garage with a separate entrance—ideal for a guest apartment, in-law suite, or private office. From the moment you step into the stunning foyer, you’re welcomed into an expansive living and dining area—perfectly designed for effortless entertaining, even on a grand scale. Soaring ceilings, clean architectural lines, and an abundance of natural light define every space. At the heart of the home lies a chef’s kitchen equipped with a Wolf range, separate SubZero refrigerator and freezer, custom cabinetry, generous counter space, and a walk-in pantry. The kitchen opens seamlessly into a keeping room with a striking stone fireplace and a sunlit breakfast area, creating a warm and functional hub for daily living. Retreat to the spacious primary suite, a private haven with its own stone fireplace, serene garden views, and a spa-like bath complete with soaking tub, walk-in shower, dual vanities, and an attached exercise room that overlooks the tranquil saltwater lap pool. Additional flexible spaces include a floor-to-ceiling library, a large office (or potential 4th bedroom), and an expansive den that could easily become a 5th bedroom with the addition of a closet. The home also features a partial basement and abundant storage throughout. Thoughtfully engineered with passive solar design, 2x6 exterior wall construction, motorized hurricane shutters, a whole-house generator, and a dedicated irrigation well, this home offers both peace of mind and year-round efficiency. Located within the award-winning Chapel Hill/Carrboro school district, this one-of-a-kind estate delivers the perfect balance of architectural excellence, functional luxury, and natural beauty.
